## Manutenzione legno / Wood maintenance

Collezione / Collection **Living & More**

---

Pulire il legno con molta delicatezza utilizzando un panno morbido leggermente inumidito.  
Se il legno si macchia, l'intervento di pulizia dovrà essere tempestivo, per impedire alle sostanze cadute di essere assorbite.  
Prodotti generici e non idonei possono danneggiare le superfici.  
Non lasciare il prodotto esposto a fonti di calore diretto.

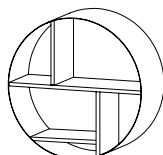

*Clean wood with delicacy using a soft cloth slightly damp.  
If wood gets a stain, you have to clean immediately in order to prevent substances from being absorbed.  
Generic and no suitable products may damage surfaces.  
Don't leave the product exposed to direct heat sources.*
